

RAPIDTEST SOLUTION BROCHURE

Delivering Frictionless experience

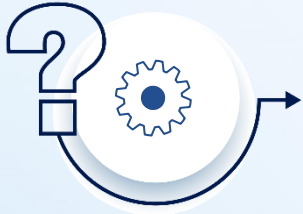

POWERED BY IQe (Intelligent Quality Engineering Platform)

SNAPI | RAPIDTEST | LIGHTHOUSE | TEST BASIS | MOBILE

THE PREDICTION

2021 State of CIO Survey among 812 IT leaders has predicted that **62% will spend on cloud based enterprise applications and customer experience technologies, including chatbots and mobile apps.** This means, testing of web, mobile, cloud, api's, etc., will need thorough introspection without leaving any margins for quality errors.

TOP QUESTIONS IN TODAY'S DIGITAL TESTING BATTLEFIELD OF WEB, MOBILE, MICRO-SERVICES BASED APPLICATIONS

- Do I have a testing automation strategy in place for accelerating digital transformation?
- Is there any single solution for end-to-end test automation?
- How can I integrate test automation into DevSecOps pipeline?
- Can I get early insights of my testing progress and health?
- Can my non-technical teams maintain my automation scripts?

RAPIDTEST is here to rescue!

Redefine your test automation journey with **RAPIDTEST**, a code-less test automation solution with a highly intuitive UI for enhanced user experience.

Top 3 realities of RAPIDTEST

Removes the burden of integration of multiple testing tools by pre-configured integration in a single solution

Easier and faster to deploy to get you jump started on your digital acceleration journey

No coding knowledge required and any non-technical teams can run test automation

KEY FEATURES OF RAPIDTEST

Ease of use – Improve test automation experience with an intuitive user interface for code-less test automation

Designed for Continuous Integration - Use REST APIs to create quality gates in Continuous Integration tools or pull execution history into business intelligence (BI) tool for analytics

End to End Automation of web, mobile and micro-services based applications

Powerful execution engine using BOTS for hands-free test execution

Collaboration features to eliminate test redundancies and save efforts

Enterprise level security with Single Sign-On and role based access controls

THE SOLUTION BENEFITS

Up to **35%**
Reduction in Test
design effort

Up to **50%**
Effort reduction
in automation
development

Up to **15%**
Reduction in test
cycle times across
the pipeline

#AccelerateNext your digital quality engineering vision with RAPIDTEST

FORTUNE CLIENTS
RELY ON RAPIDTEST

TECHNICAL CRAFTSMANSHIP

Jenkins and Azure Dev Ops for Continuous Integration

Integration with IQe Platform for metrics and dashboard

Selenium, Appium and TestNG for Test Automation

Integrated with Jira for test reporting

Integration with Cloud Device Lab

THE MAVERIC QE STORY

2

decades of exclusive banking domain experience

65+

Banking Transformations

1200+

Domain and tech led Specialists

4.6

Out of 5 on Gartner Peer insights

POWERED BY IQe (Intelligent Quality Engineering Platform)

ABOUT MAVERIC

Started in 2000, our global presence spans across 15 countries with regional delivery capabilities in Bangalore, Chennai, Dubai, London, Mexico, Poland, Riyadh and Singapore. Our deep focus in banking combined with specialized competencies across Digital, Data, Core and Quality Engineering, make us the preferred transformation partner for customers worldwide

Maveric Systems Limited

Corporate Office:

2nd Floor, 5th Block, DLF IT Park - SEZ, 1/124, Shivaji Gardens, Nandambakkam Post, Ramapuram, Mount Poonamallee Road, Chennai – 600089, INDIA
